

Press release: Evitavonni to be a leading light at Decorex 2011

Evitavonni, the interior design and luxury furnishings specialists, will be exhibiting at Decorex this year for the first time ever.

The company, whose retail spaces include a design showroom in Chobham and Chelsea Harbour, and a soon-to-be-opening lifestyle store in Farnham, Surrey, will be showcasing their lighting, furniture and bed-linen at this year's celebrated event, held from 25th – 28th September at London's Royal Chelsea Hospital.

Evitavonni has become a buzz-word among designers since their inception in 2007. The company – fronted by design supremoes Michel Erwich and Kate Williams – supply interior designers and private clients with some of the most sumptuous and unique furnishings imaginable; both bespoke and ready-to-go. Their retail spaces are *homage* to the finest quality materials, furniture and accessories; displayed via a series of breath-taking and inspirational room-sets... and their exhibition space at Decorex promises to be every bit as stunning.

Evitavonni focus on quality every step of the way. Attention to detail is their mainstay: 300-count, 100% Egyptian cotton percale sheets; gorgeously stroke-able cotton satine duvet covers and pillowcases; and sumptuous cushions and throws in subtly luxuriant shades of ice-white, dove, topaz, amethyst and cornflower blue. The textures, colour and quality are genuinely second-to-none: redolent of dreamy days spent at Italian villas or in exquisite Caribbean *cabanas*. Their timeless yet contemporary collections are guaranteed to add a touch of finesse to any home... calm, muted and of the very highest quality.

The real secret to Evitavonni's success, however, lies in their unique client offering. Every piece displayed is utterly complimentary: so whether you are seeking a complete bedroom set or just a few pieces to enhance an existing room, everything is possible.

Evitavonni's stand at Decorex 2011 is superbly positioned in front of the exhibition's second entrance. Their set will feature exquisite crystal chandeliers by Baccarat; furnishings from Evitavonni's own sumptuous collections; and a stunning range of bed-linen and home accessories... each piece specifically chosen to be either complimentary to one another, or to work equally well as a stand-alone purchase. Evitavonni's own interior design team and fabric experts will be on-hand to provide advice and inspiration to designers and private customers... and with a swift turn-around on bespoke commissions - just 5 – 7 days for many items – Evitavonni's is guaranteed to be one of the most inspirational stands at Decorex 2011.
